Surf sounds are just the beginning

Billy Blastoff & The Surf Rockets

Performing at this year's Taste is a special "treat" – Billy Blastoff & The Surf Rockets was formed out of other bands whose members wanted to put together the best of the best and most versatile group.

They set out to create a band that could not only play surf music but a variety of musical facets, appealing to a broader audience.

The band consists of Billy Scanlan & Rob Woolsey who also play for The Detonator from South Bay, along with Marty Tippens & Doug Forbes from Flowmasters and Planktonators.

Billy and Rob trade off on lead and rhythm guitar, Marty is on drums but plays other instruments as well, and Doug is on bass and keyboards.

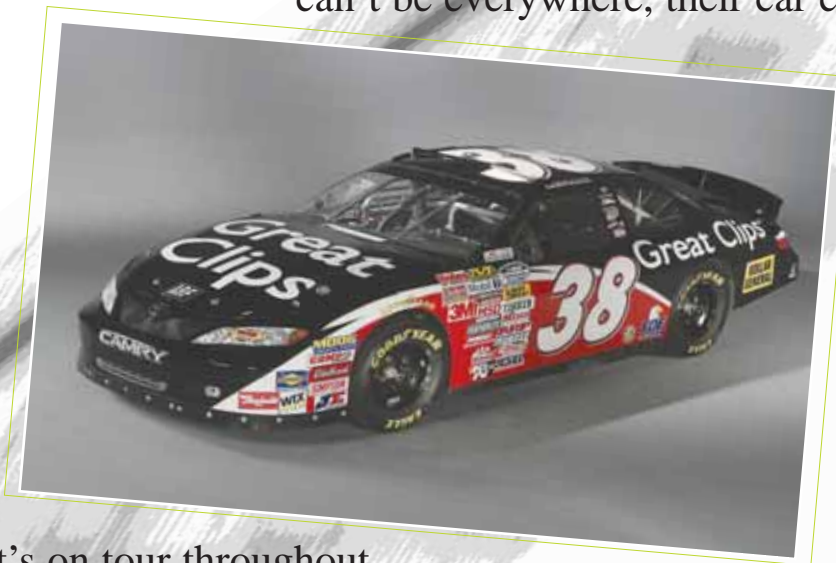

They will be playing for the Huntington Beach International Surf Museum at Pier Plaza on Surfin' Sunday, April 17 at 4 p.m.

Check out Billy Blastoff & The Surf Rockets at the Taste to hear the range of their musical talents.

Great Clips Racing

2008 Nascar Showcar to appear at
"The Taste"

The gleaming No. 38 Great Clips Toyota Showcar, which matches the NASCAR race car driven this season by Jason Leffler in the NASCAR Nationwide Series (formerly the NASCAR Busch Series), will be exhibiting at this year's Taste! Even though race drivers can't be everywhere, their car can.

It's on tour throughout NASCAR season to provide a true centerpiece, drawing fans of all ages eager to get close to an official NASCAR racecar. This exhibit is sure to generate excitement and captivate the crowd.

An experienced showcar host will answer questions and educate Taste attendees about its team and driver. They will be distributing either posters or autographed photo "hero" cards of driver Jason Leffler as a commemorative for fans.

For more information on Jason and his team, Braun Racing, visit www.braunracing.com.
